

Sree Ayyappa College for Women Department of Physics World Energy Conservation Day: -----Awareness Program 14/12/2021

An awareness program on 'energy conservation' was conducted by the Department of Physics on 14/12/2021.

14th December is celebrated as National Energy Conservation Day all over the world. In connection with this, department of Physics conducted an awareness program to the college students. Program was conducted in the college auditorium. All the staffs, non teaching staffs and students have participated in the program.

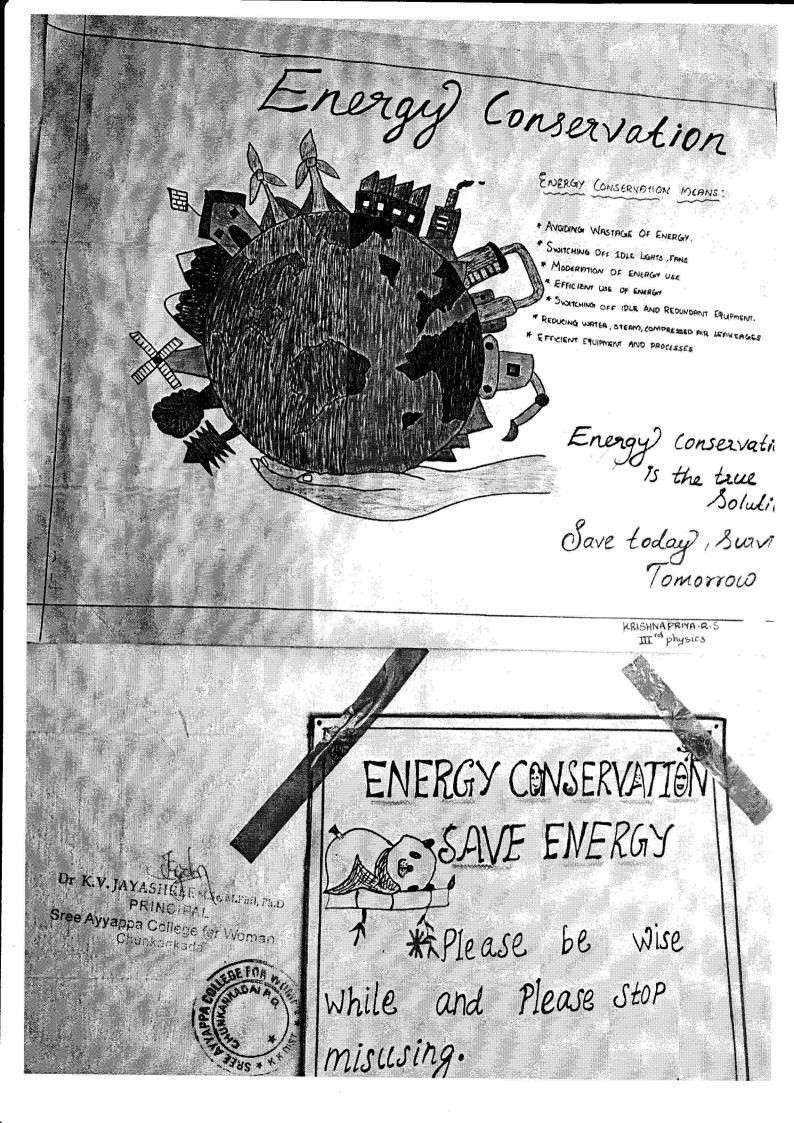

The program was started with a prayer song sung by Miss. Babosha of I B.Sc physics. College Chair person Miss.Krishna Priya,III B.Sc physics proposed warm welcome to the audience.

Head of the department Dr. I.S.Prameela kumari presided over the function. In her presidential address, she explained the impartence of coserving energy and how to save it for the future generation. Then Dr.P.V.Radhika , Assistant professor of physics ,Sree Ayyappa College for Women has given an interesting talk on 'Method of energy conservation' through power point presentation. Audience have clarified there doubts through questions.The interaction between the Guest and audience was interesting and usefull to all.Miss. Vaishnavi of III B.Sc physics proposed vote thanks.

A poster presentation on 'Energy Conservation' was also conducted in the same day. More than 30 students have participated in the program and posters were displayed in the campus. Prizes were given for the best poster. The function came to an end at 3.30pm.
