INTRODUCTION

Disaster Management is the discipline by which the human society continuously makes efforts to reduce the harm caused by the disasters, both man made and natural. It involves well planned strategies to reduce the intensity of the mishaps that occur during the dark times. India is one of the most disaster prone zones in the world due to its peculiar geographical characteristics as well as the poor social conditions in which the communities live which exposes them to the frequent destruction caused by the hazards. Rapid growth in the population rate has also triggered the level of disasters.

Disaster management calls for collective and co-ordinated efforts. A number of activities need to be undertaken in the event of disaster. These include coordination, command and control, rapid assessment of damage, restoration of power, tele-communication and surface transport, deployment of search and rescue teams, medicals and Para-medical teams, arrangements for drinking water and food material, setting up of temporary shelters, sanitation and hygiene identification and earmarking of resources, last but not the least, maintenance of law and order is equally important.

This webinar series organized by Internal Quality Assurance Cell and Youth Red Cross of Sree Ayyappa College for Women in association with Disaster Management Rehabilitation Trust is therefore an effort to create awareness among the student volunteers, academic fraternity and other stakeholders of higher education on the need to build up community resilience to mitigate the effects of disasters.

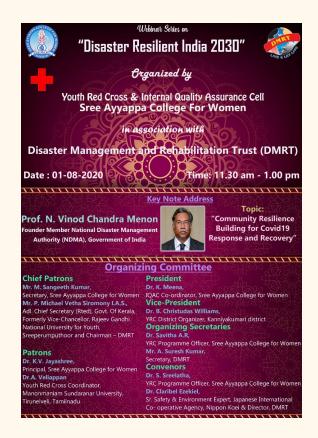

OBJECTIVES

- To create awareness among the Youth Red Cross volunteers and other stakeholders in the Higher Education Sector on the importance of developing Community Resilience
- To minimize the loss of life and properties by building up a resilient society.
- To call for collective and co-ordinated support from the people.
- To ensure the development of skills and abilities to analyze potential effects of disasters and of the strategies and methods to deliver public health responses to avert these effects.
- To increase the knowledge and understanding of the phenomena of disaster, its different contextual aspects, impacts and public health consequences.
- To create awareness on the challenges faced by our environment due to anthropogenic activities.
- To develop the capacity to integrate knowledge and to analyze, evaluate and manage the different public health aspects of disaster events at a local and global level even when limited information is available.
- To have a basic knowledge on how to work theoretically and practically in the area of disaster management (disaster risk reduction, response, and recovery) and relate their interconnections, particularly in the field of the Public Health aspects of the disasters.
- To initiate post-covid campus management activities in the institutions.

DAY ONE (01-08-2020)

TOPIC:

COMMUNITY RESILIENCE BUILDING FOR COVID 19 RESPONSE AND RECOVERY

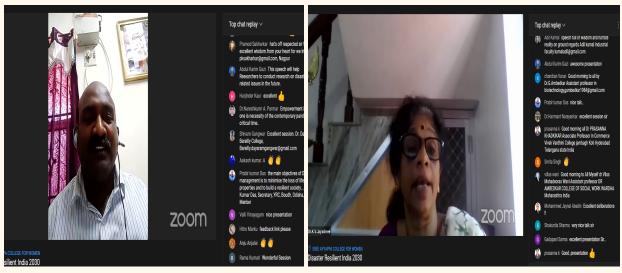

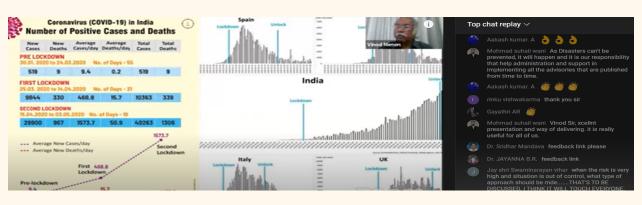

The topic of the first session of the Webinar Series was "Community Resilience Building for COVID 19 Response and Recovery". Dr.K.V. Jayashree, Principal of Sree Ayyappa College for Women , delivered the presidential address. Dr. A. Veliappan, YRC Coordinator, Manonmaniam Sundaranar University, Tirunelveli gave his felicitation. Prof.N.Vinod Chandra Menon, Founder Member National Disaster Management Authority (NDMA) Government of India , in his Keynote address gave an overview of the Disaster Management, Community Resilience Building, the trend of Covid 19 in the International, National, State and District level, defined resilience in terms of hazard and climate change, the importance of multi stakeholder engagement and the role of Youth in resilience building. This was followed by the Question and Answer session. Mr.P.Michael Vetha Siromony, I.A.S (Retd),

the session chair gave the concluding remarks. The session ended with the vote of thanks by Mr.A.Suresh Kumar, Secretary DMRT.

DAY TWO (08-08-2020)

TOPIC:

CAMPUS PREPAREDNESS FOR POST-COVID'19 PHASE

The second session of the Webinar Series was on "Campus Preparedness for POST COVID 19 Phase" Dr.K.V. Jayashree, Principal of Sree Ayyappa College for Women in her presidential address, stressed the need to prepare the campus for the post-covid phase as many parents are eager to send their wards back to campus for the offline classes. Prof.N.Vinod Chandra Menon,Founder Member National Disaster Management Authority (NDMA) Government of India chaired the session. Prof Menon in his opening remarks pointed out that there is increase in the number of suicides among the students as they are under stress due to the uncertainties related to their classes, exams and further career options.

Dr. Claribel Ezekiel in her talk on "Green and Clean Environment" explained the difference between climate and weather and focused on the rising global temperature and its effect on the climate and green greenhouse effect. She pointed out that humans are responsible for recent climate changes and the adverse effects can be reduced only through reducing, repairing, recycling and reusing our resources.

Mr. BSC Naveen Kumar in his "Briefing on Swachh Campus' ' threw light on the various methods to be followed during the unlocking phase of Covid 19. Dr. Suresh Maria Selvam deliberated on the topic "Campus Preparedness during Covid 19 Unlock Phase". He dealt with the various ways to prepare a safe campus by maintaining protocols and citing successful case studies of innovative practices like sanitary stands made by the students from the rural areas. He also talked about the changing scenario caused in the education sector due to Covid. Mr. A. Siva Kumar in his talk on "Water Conservation and Management" pointed out the importance of rain water harvesting projects in educational institutions.

This was followed by the Question and Answer session. Prof Vinod Menon gave the concluding remarks. The session ended with the vote of thanks by Mr.A.Suresh Kumar, Secretary DMRT.

DAY THREE (15-08-2020)

TOPIC:

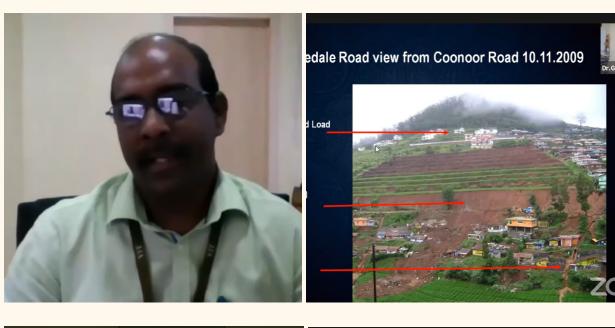

IANDSLIDE AND SEA EROSION WITH SPECIAL REFERENCE TO TAMILNADU AND KERALA

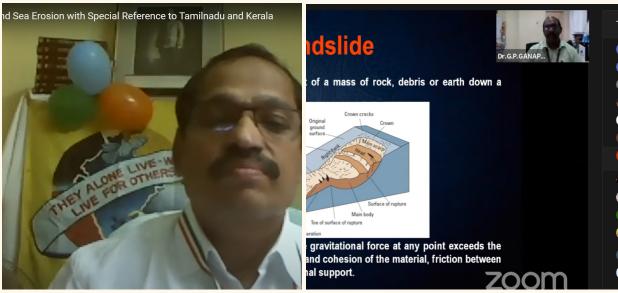

The third session of the Webinar Series fell on August 15, Independence Day of the country. Dr.K.V. Jayashree, Principal of Sree Ayyappa College for Women in her presidential address paid her respects to the front line warriors of the Covid 19 management. She highlighted two important aspects of ecology that require immediate attention for sustainability and resilience - carrying capacity and ecological footprint. Prof.N.Vinod Chandra Menon,Founder Member National Disaster Management Authority (NDMA) Government of India and Mr.P.Michael Vetha Siromony, I.A.S (Retd), chaired the session. Mr. Suresh Kumar, Secretary DMRT presented the activity report of DMRT. Dr. Meena K, IQAC Coordinator felicitated the session.

In the Keynote address Dr. G.P. Ganapathy deliberated on the "Landslide and Sea Erosion with Special Reference to Tamilnadu and Kerala". The session was very informative to the academia that it gave an introduction to the causes and devastating effects of landslides with reference to the major landslides that happened all over the country with particular reference to Kerala. Landslide hazard zonation, the agencies involved, the mistakes

done by the past that led to landslides, the critical facilities that may to landslides, the vulnerable areas that are prone to landslides, landslide warning signs, the things to do during and after a landslide and the steps that are to be taken for the mitigation of the landslides were elaborated by the resource person. Question and Answer sessions followed and the session chair gave their concluding remarks. The session ended with the vote of thanks by Mr.A.Suresh Kumar, Secretary DMRT.

DAY FOUR (22-08-2020)

TOPIC: COASTAL EROSION

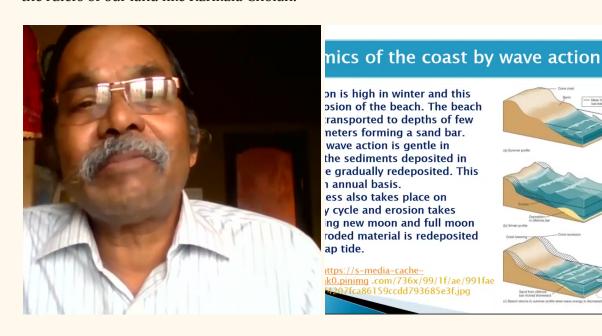

The fourth session of the Webinar Series was on 'Coastal Erosion' and the resource person of the day was Dr. V. Ram Mohan, Professor (Rted), Department of Geology, University of Madras. Prof. Vinod C Menon who chaired the session in his inaugural address pointed out that with better preparedness, the devastating effects and loss of life can be reduced during Cyclone.

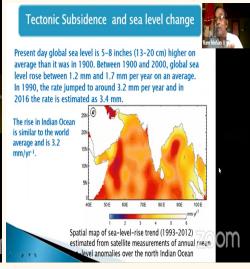

Mr.A.Suresh Kumar, Secretary of DMRT gave his insights on cyclone risk reduction and resilience. He elaborated the role of DDMA, SDMA and SDMA and introduced the Geography of Cyclone and their impact, the structural and non-structural measures in the management of Cyclone and stressed on the importance of last mile connectivity. His presentation also threw light on the devastating effects of the Ockhi and on the rescue operations done by DMRT and assessment activities and build back mechanisms done after Ockhi. Dr. K.V. Jayashree, Principal, SAC in her presidential address gave an introduction to the causes of coastal erosion and its devastating effects.

Dr. V. Ram Mohan in his keynote address on "Coastal Erosion" gave a detailed account of the causes of the shoreline change, Sea level rise rates, climate changes happening in the Earth, marine regressions, importance of the coastal shores, various dynamics of the coast by wave action, measures to protect the coast line. He pointed out that we should learn from the

past and adopt the local practices and adapt the sustainable measures that were practiced by the rulers of our land like Karikala Cholan.

DAY FIVE (05-09-2020)

TOPIC: EXTREME WEATHER EVENTS: DROUGHT AND FLOOD

The fifth session of the webinar series was conducted on 5th September 2020. The deliberations on the topic was centered around the theme "Extreme Weather Events - Drought and Flood". Prof. N. Vinod Chandra Menon, chaired the session. Mr. Suresh Kumar welcomed the gathering. Dr K.V. Jayashree, Principal, Sree Ayyappa College for Women delivered the presidential address and introduced the topic of the day. The first keynote speaker of the day was Mr. P. Michael Vetha Siromony, I.A.S (Retd) Former Addl. Chief Secretary, Govt of Kerala ,Chairman, DMRT. He gave a detailed presentation on Drought Mitigation, the extreme weather events and their impact on the life of the common man.

The second resource person of the day was Dr.K.G.Thara Former Head Disaster Management Center Institute of Land and Disaster Management, Kerala. With the case studies drawn from various situations across the world, she deliberated on the causes and the impact of the floods that occur in South India, Kerala and Tamilnadu in particular. She also threw light on the need for coordinated work among the policy makers and the disaster managers and front line workers.

After the Q and A session that followed, the concluding remarks were given by Prof. N. Vinod Chandra Menon. Dr.A.R. Savitha moderated the meeting. The session had its end with the vote of thanks of Mr. Suresh Kumar

Key Takeaways

- An understanding of the disaster, its types, disaster management and its phases, major disaster typologies,
- Created awareness among the Youth Red Cross volunteers and other stakeholders in the Higher Education Sector on the importance of developing Community Resilience
- Enhanced the knowledge of the student volunteers on the various methods of dealing with disasters.
- The methodology, framework and structure to be adapted in the Higher education institutions regarding the water management, maintenance of green and clean environment and post-covid management activities.
- Covid 19 has to be conquered through well planned covid management measures in the campuses.
- Unlocking of the Campuses in the post-covid phase should be supported with sustainable practices that include five components - Greenery, Water management, Waste management, Energy conservation practices and post-covid Sanitation and Hygiene maintenance.
- The natural disasters like Sea Erosion and landslides are caused due to the human mismanagement of the environment like reckless construction of buildings in the eco sensitive/ fragile areas and ignoring the alarm signals from nature.
- Reducing consumption is the way to maintain the ecological balance and reduce the ecological footprints.
- With better preparedness the loss of life and devastating effects of natural disasters can be reduced.
- Our forefathers lived in communion with nature, while making the optimum use of natural resources and migrated to safer zones.
- Technological advancements and the infrastructural developments led to the acceleration of the anthropogenic activities of the 20th century
