

SREE AYYAPPA COLLEGE FOR WOMEN

(Re-accredited with B Grade by NAAC)

Chunkankadai, Nagercoil

Best Practice 1- Womenpreneurs

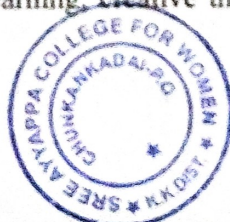

1. Title of the Practice - Womenpreneurs: Unleashing the Power of Female Entrepreneurs

2. Objectives of the Practice

- To establish innovation and entrepreneurial activities in the institution.
- To create an innovation hub for budding entrepreneurs and faculty.
- To create employment opportunities for students.
- To enhance the livelihood of marginalized female student community of our college and nearby community through our incubation centre.
- To organize business model canvas, boot camps, hackathons, creative idea pitching competitions.
- To build industry-academia interaction to catalyse innovation and sustainable ecosystem for entrepreneurship within campus.
- To foster entrepreneurship skills and to facilitate financial empowerment among students through the Institutional Innovation Council.

3. The Context

In today's higher education scenario, the focus is on promoting innovation and entrepreneurship. The promotion of innovation and entrepreneurship in colleges helps in developing creativity, reasoning, problem-solving, adaptive qualities, and skills needed in the present world. A complete ecosystem is required to foster the culture of Innovation from ideas generation to pre-incubation, incubation, and graduating from the incubator as a successful start-up. The key purpose of IIC is to tap out the start-up ideas of the students and to encourage a mindset of continuous learning, creative thinking, and increased innovation

among the student community. Establishing IIC in the institution leads to showcase entrepreneurial activities and achievements of our students to the national level. It serves as a platform for the students to establish ties with the industry and to learn from the inspiring stories of entrepreneurs.

4. The Practice

Our institution has established the Institution's Innovation Council (IIC) as per the norms of Innovation Cell, MoE, Govt. of India in September 2019. Since its inception, IIC has been consistently organizing training and interactive sessions on various topics related to innovation, entrepreneurship, and start-ups, like Problem Solving, Ideation, Design Thinking, Critical thinking and Innovation Design, IPR, planning for start-up, its legal and ethical steps, Prototype Validation, BMC, Idea Validation etc. Around 115 entrepreneurial activities were conducted by IIC from September 2019 to May 2023 related to entrepreneurial skill development, and hands-on training. Intending to encourage students to take up entrepreneurship, the Institute has established an in-house incubator, to provide an incubation-cum-entrepreneurial eco-system. The incubator provides a platform for students to develop their creative thinking and manufacture new products to address the challenges faced by the industry and society, and thus become future job providers. An automated Mushroom cultivation unit has been set up by the students to ensure the production of high-quality mushrooms. Students are trained in mushroom farming, and incubator provides technical support and seed funding to students to develop innovative mushroom food products, and other value-added products.

Student Orientation, Student Development, and Faculty Development Programmes are organized to encourage women's entrepreneurship. Entrepreneurship Boot Camps are conducted every year and our students have bagged prizes. IIC has signed eight MOUs with industry, NGO, and other organisations for internships, project works, training programmes, and outreach programmes. Training and exposure are provided to students to build confidence and prepare them for a career. IIC of our college has collaborated with StartupTN to conduct entrepreneurship boot camps and various Entrepreneurship development programmes. IIC has collaborated with EDII Tamilnadu for conducting awareness programmes on Tamilnadu Student Innovators Programme (TNSI). TNSI provides opportunity for students to present their innovative solutions to identified validated problem statements. The selected ideas are awarded with 1 lakh for further development to prototype.

An active Stitching Unit, *Fashion Hub*, an initiative by faculty and students to develop skills in tailoring and embroidery started in 2022. Workshops on Production of Soap

and Consumer Products, Toy Making, and Fabric Painting have been organized to provide students with hands-on training and to motivate them to become self-reliant and independent. As IIC is under the umbrella of MoE, our students get opportunities to participate in National and International level Hackathons and interact with eminent business personalities and academicians to enhance their entrepreneurial skills.

5. Evidence of Success

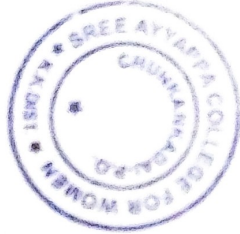

- The institution received Star Ratings of 3.5/5, 4/5, 3.5/5, and 3.5/5 for AY 2019-2020, 2020-2021, 2021-2022, and 2022-23 respectively for its performance from the MoE's Innovation Council.
- Recognized Mentor Institute under Mentor–Mentee scheme of IIC, MoE since September 2023.
- Seventeen faculty underwent Basic and Advanced level Innovation Ambassadors training conducted by MoE, IIC. They mentor and support students and faculties in innovative endeavours.
- Active “Fashion Hub”.
- Received the best creative poster appreciation certificate and memento in the IIC Regional Meet-2022 held at Kochi.
- Certificate courses in Mushroom cultivation, Aari-work, and Fabric Painting.
- IIC provides the required infrastructure that enables students and faculty to develop innovative ideas and Business Model canvas, through incubation unit.
- Innovation initiatives like Experiential Boot Camp for Girl Students and Faculty to work on sustainable development goals for a better future.
- An exposure visit to Kanyakumari Parakkai Centre for Sustainable Aquaculture and Training on Preparation of Value-Added Fishery Products created awareness on initiating small-scale entrepreneurship among college girls.
- Conducted an Entrepreneurship Outreach Programme on Soap-making to self-help women enhancing their skills and motivating small-scale businesses with minimum capital requirements from within the comfort of their homes.

6. Problems Encountered and Resources Required

- Arranging funds for the growing startups is a pressing concern.
- The development and execution of the initiatives have to be done in tandem with the routine academic responsibilities of the staff. Hence, more projects will have to be

brought in by students and faculty, which can be performed as a part of the regular curriculum.

20. Workshop on IPR and IP Management for Start ups

Resource Person: Dr. Syamlal. G. S, Assistant Professor of Economics, Mahatma Gandhi College, Trivandrum

Date : 6/02/2021

The screenshot shows a Google Meet interface. The main window displays a presentation slide titled "Copyright Infringement and Solution". The slide content includes:

- Use Section 51 of the Copyright Act to claim your rights**
- If you have gone through these multiple steps and still are not able to get back your content from the perpetrator, it is time to use Section 51 of the Copyright Act. As per the rules of this act, the person wronged can approach a court and ask for legal action to be taken against the person in question. Usually used as a final step of sorts, this step is to ensure everything you own rightfully belongs to you and you alone.
- The rules of copyright law protect the final content put out into the world. What is not protected is the discussion, the ideas and the creation of this content by other people. In the broad sense of the word, this act is essential to protect monetization rights by the owners of the content, ensuring other people do not use your creations and call it their own. Furthermore, while it is okay for things to be discussed and talked about in a public forum, it is not okay to claim ownership rights. When you realise your words, ideas, music and videos are being used by other people, raise a complaint and let the person in question know it is not acceptable to steal your work. Know your rights and run into the fire with guns blazing. Stay protected, stay safe.

The meeting interface shows a grid of participants, including Dr. Syamlal GS (presenting), Thirsha Brightlin, T Anitha, Iswarya S, Dr. K. V. Jaya..., Sheluja Shelu, Ganga H.S., Padmaja J P..., Dhinesh Anut..., Aswathy Rs, and AJIDHRA AS... The bottom of the screen shows the Windows taskbar with the date 06-02-2021 and time 12:28.

68. Session on Techniques for Validating Ideas

Resource Person- Kunnwar Vijay Parmar, Founder, Skilleit –Ed-Tech Start up

Date: 22/12/2022

The screenshot shows a Google Meet interface. The main content is a presentation slide titled "Subscription based Model". The slide features the TATA Sky logo and a diagram illustrating the flow of money between a "Company" and a "Customer". The diagram shows a "Company" providing a "Product" to a "Customer" in exchange for "Monthly Revenue". Below the diagram, the text explains: "This business model is typically employed by software app-based businesses. Rather than offering their product as a one-off purchase, companies using this model for recurring revenue in form of monthly payments. Another main advantage of this model is easier customer acquisition and retention. Instead of asking for a substantial upfront investment, this model facilitates the buying decision with a relatively low initial cost." The slide also includes a "DELETE" button. The meeting controls at the bottom show the time as 7:08 PM and the title "TECHNIQUES FOR VALIDATING IDEAS". The participant list on the right includes Kunnwar Vijay Par..., Varsha Varsha, Shiva Ranjani, Dr. K. V. Jayashree, Prasanna Kumari J, Sobha K.R, Sreekutty Sree, and Niranjana Go... The bottom of the screen shows the Windows taskbar with various application icons and the system tray displaying "Desktop", "ENG", and "19:08 22-12-2022".

69. Session on An Entrepreneur-A leader, an Innovator and a Change Maker-3 in 1

Resource Person- K.S. Raju Nair, HR Leader, mentor, Corporate Trainer, Coach,

Date: 30-12-2022

The screenshot shows a Google Meet interface. The main content is a presentation slide with a dark background and a light-colored image of an elephant. The text on the slide reads: "To avoid an infinity mirror, don't share your entire screen or browser window. Share just a tab or a different window instead." There are "Stop presenting" and "Ignore" buttons on the slide. The meeting controls at the bottom show the time as 7:52 PM and the title "An Entrepreneur- A leader,an innovator...". The participant list on the right includes K.S. Raju, Rakshitha Isha, Uma Devi. M, UDAYA KUMARI, Ohm Namashiv..., Hari Krish, and Shiva R. The bottom of the screen shows the Windows taskbar with various application icons and the system tray displaying "Desktop", "ENG", and "19:52 30-12-2022".

71. National Youth Day Celebration-2023-Awareness Programme on Homeopathy for Youth

Date :12-1-2023

The poster features a blue background with a white circular portrait of a man in a turban. At the top, there are five logos: the Government of India emblem, the Red Cross, the Youth Red Cross, the Unnat Bharat Abhiyan, and the Sree Ayyappa College for Women emblem. The text on the poster reads: "NATIONAL YOUTH DAY CELEBRATION 2023 Awareness programme on HOMEOPATHY FOR YOUTH Date: 12-01-2023 Organised By Saradha Krishna Homoeopathic Medical College, Kulasekharam & YOUTH RED CROSS INSTITUTION INNOVATION COUNCIL UNNAT BHARAT ABHIYAN Sree Ayyappa College for Women". At the bottom, it lists the convenors and co-convenors.

Convenors: Dr. P.V. Radhika, Dr. Archana Nair S.P.
Co-convenors: Ms. Sreethi Krishna J, Dr. Savitha A.R., Dr. S. Sreelatha.

72. Session on achieving problem-solution fit and product-market fit

Date :21-1-2023

Resource Person: Dr.R. Ganapathi Raman, Associate Professor, Department of Physics, Saveetha Engineering College, Chennai.

The image shows a Google Meet interface. The top section displays a grid of 16 participant tiles. The first tile, in the top-left corner, is highlighted with a blue border and shows a video feed of Dr. R. Ganapathi Raman. Other participants are shown as circular icons with their names: Amirtha Varshini, Ancy Francis .p, Babisha M, vishnu priya H.A., Dr.M.R. Meera, Agalja D, g alswarya, Abi, Karthika v.J, Uma Devi, Prasanna Kumari J, Ilango V, Sajithra AR, and Sreeakutty Sree. A 'You' tile is also visible in the bottom-right corner of the grid.

Below the grid, the meeting controls are visible, including a microphone icon, a camera icon, a chat icon, a help icon, a settings icon, and a red phone icon. The time is 7:59 PM and the meeting ID is yde-mfse-dhy.

The bottom section of the image shows a video player. The video is titled 'Dr. R. Ganapathi Raman is presenting'. The video content shows a group of people in a field, with a subtitle that reads 'Mich was helpful for our work.' The video player controls are visible at the bottom, including a play button, a volume icon, a full screen icon, and a red phone icon. The time is 7:25 PM and the meeting ID is yde-mfse-dhy.

The browser address bar shows the URL 'meet.google.com/yde-mfse-dhy'. The Windows taskbar is visible at the bottom of the image, showing the Start button, several application icons, and the system tray with the date and time '19:25 21-01-2023'.

87. Session on Process on Innovation, Development, Technology Readiness Level (TRL); Commercialisation of Lab Technologies and Tech-Transfer

Date :24-02-2023

Resource Person: Dr.S.Subbaiah, Associate Professor, Department of Computer Science, Sri Krishna Arts and Science College, Coimbatore

The image displays two screenshots from a Zoom meeting. The top screenshot shows a presentation slide titled "TRL 9: System Proven and Ready for full commercial deployment". The slide content includes:

- The technology is in its final condition operated under the full range of operating conditions
- Actual system proven through successful operations in operating environment, and ready for full commercial deployment
- Examples include steady state 24/7 manufacturing meeting cost, yield, and output targets
- Emphasis shifts toward statistical process control.

The bottom screenshot shows a presentation slide titled "Innovation". The slide content includes:

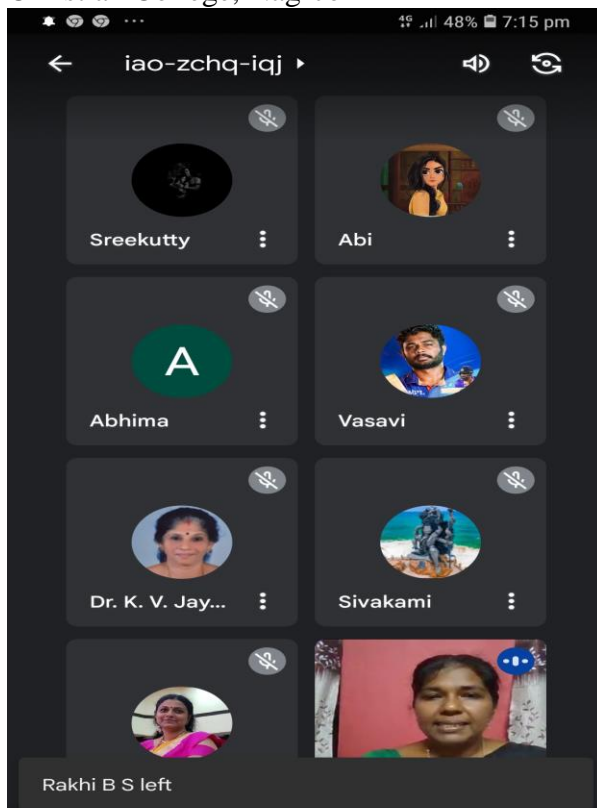

- Innovation is the multi-stage process whereby organizations transform ideas into new/improved products, service or processes, in order to advance, compete and differentiate themselves successfully in their marketplace"
- An early model included only three phases of innovation.
- According to Litterback (1971), these phases were:
 - 1) Idea generation,
 - 2) problem solving, and
 - 3) Implementation.

Both screenshots show a Zoom interface with a grid of participants on the right, including Subbaiah S, Dr.M.R. Meera, Niranjana Govind, Amirtha Varshini, Rakhi B S, Gowathri 1512, Ashwathi C, and You. The meeting ID is esx-ccgc-sgr. The time shown is 7:55 PM in the top screenshot and 7:23 PM in the bottom screenshot.
