

SREE AYYAPPA COLLEGE FOR WOMEN

(Re-accredited with B Grade by NAAC)

Chunkankadai, Nagercoil

Best Practice 2- Women of Impact

1. Title of the Practice - Women of Impact: Promoting Gender Equality and Community Development for Social Change

2. Objectives of the Practice

- To inculcate ethical standards and create awareness of social responsibilities.
- To raise awareness and promote the adoption of sustainable practices towards the environment and society among staff and students.
- To develop an institutional social action programme to link and involve different groups in our community and offer different means of collaboration.
- To raise awareness and promote the adoption of habits and behavior by students, faculty, and services staff, in line with a more sustainable vision of the organization.

3. The Context

Education is not just acquiring degrees but a medium that leads to a change in the outlook of society. In today's scenario, higher education is a beacon of personal, institutional and societal development. Sree Ayyappa College for Women is committed to social responsibility, a concept that includes the dimensions of social responsibility whose strategic focus is made up of social and environmental responsibility, ethics, and sustainability. We believe that these three dimensions should be incorporated and integrated, in an interdisciplinary manner, aligned with our mission and vision of the college. This has resulted in a Campus Community Connect initiative by NSS Units, Red Ribbon Club, and Anti-Drug Club of our college. The faculty and students are encouraged to collaborate with other organizations to carry out community social outreach programmes.

4. The Practice

The college supports all the programmes that inculcate gender equity and social responsibilities in the young students as well as the community. There are clubs and cells like

NSS, YRC, Rotaract Club, Red Ribbon Club, Women's Cell, Antidrug Club that strive to promote gender equity and to spread awareness on the need for a social change. The NSS units, Red Ribbon Club, and Antidrug clubs provide their members and students platform to discuss common issues of social responsibility. These clubs identify issues which have an impact on society and the environment. The Coordinators and Programme Officers of the clubs discuss and develop best practices and plans of action in response to specific issues beneficial to society. The three units of NSS club motivate the young students, help them to plan, implement, and evaluate the activities, and give proper guidance and directions to the student volunteers.

The College Community Connect involves extension and outreach activities which are carried out via different channels of the institute such as various social clubs, National Service Scheme (NSS Club), Youth Red Cross cell, Red Ribbon Club, and Antidrug club. These clubs organise mass drives on creating awareness on environmental and social concerns like drug abuse, management of natural resources, etc. Special focus is given to the health and hygiene by organizing health camps, cleaning drives in the adopted village, awareness programmes on eradication of Breast Cancer and AIDS, and blood donation camps for the public. Our college also encourages NSS Programme Officers and Student Volunteers to participate in the Republic Day Celebrations in New Delhi, and State-level and National-level Camps.

5. Evidence of Success

NSS, RRC and Anti-Drug Club conducted the following programmes in the academic year 2022-23:

- Mass tree plantation drive in association with OISCA International.
- Massive awareness-cum-Pledge taking programme against Drug abuse.
- Awareness to the Public on respecting the National Flag.
- Awareness programme to Government School Children about the importance of nutritional diet.
- Awareness programmes on breast cancer, AIDS, Drug abuse, Traffic Rules, and Road Safety, Zero waste management, Water management, and Environmental Conservation.
- One Day Preventive Health Care Camp.
- Organised Blood Donation Camps.
- Yoga awareness and demonstration session

- Cleaning Drive in the NSS Adopted Village
- One-day free medical camp for the benefit of the public in adopted villages.
- Cleaning Drive in Government Schools
- Participation of NSS Volunteer and Programme Officer from Unit No 97 of Sree Ayyappa College for Women in National level Adventure Programme, Himachal Pradesh, and in the National Integration Camp as the Contingent leader of Manonmaniam Sundaranar University respectively.
- A webinar on "Equalize - a call to action to aid in the eradication of AIDS.
- Awareness programme on 'HIV Prevention among Transexual Populations: Knowledge Gaps and Evidence for Action'.

6. Problems Encountered and Resources Required:

- Building a socially responsible mindset requires a constant effort for attitude transformation in the student community.
- Programme funding is a considerable challenge as the Connect programme competes with human basic need priorities. The institute provides diversified opportunities to students in college to develop their personality through society-beneficial services.
- Students and teachers had to face hostility and aversion from the ignorant public while rendering community services like sanitation awareness, mass tree plantation, various training programmes for self-help groups and rural youth, etc.,

Resources Required:

- Collaboration with Industries, Government organizations, and NGOs to support community connect programmes.
- Allocation of service-oriented schedule within the curriculum framework.
