Dear Madam/Sir,

Warm greetings from Veranda Learning!

We offer various learning solutions in offline, online, hybrid, and offline courses. Our courses are across three streams - (1) Competitive Exam Preparation (for Banking, Insurance, State Government Jobs, Railways), (2) Career Progression (CA & IAS Preparations) and (3) Skilling and Employability in IT.

We have partnered with the Tamil Nadu Government in their Naam Mudhalvan initiative to ensure *Employability for All - No student is Left Behind*. To reach this goal, we are offering free foundation courses for the preparation of various competitive exams including Banking, Insurance, TNPSC, Railways, TNSDC, SSC, CA, IAS, and improving the IT skills of the students. Students can learn these courses along with their college studies. We will also organize frequent webinars by academic & industry experts to provide additional input to the students. Veranda will also offer a 3-year free subscription to Elevayt, the placement ecosystem. Students can create professional resumes on this platform, which will be accessible to 3000+ corporates across the country. By bundling the courses and resume builder, we ensure that the lead time for the student between completing the studies and getting into a job is minimum. In addition to the above, any student from your college who wants to join any of our paid programs will be eligible for a 10% discount on the course fees.

We seek your support in our endeavor to ensure that the youths of Tamil Nadu are employment ready upon graduation. We request you to give us time to make presentations to you, your teachers & students about our courses and share more information about our Foundation courses & Elevayt. We will reach out in the next few days to understand the date & time comfortable for you for the same.

Look forward to hearing from you.
