The academic odyssey began on the 19th of June, welcoming the spirited II and III UG students, along with the II PG students. The inaugural classes for the fresh-faced first-year students blossomed into existence on the 22nd of June 2023. A momentous gathering unfolded in the auditorium on that first day, designed for first-year undergraduates and their parents, granting these newcomers a chance to immerse themselves in the essence of the institution and its rhythms. Following this enlightening assembly, senior students graciously guided them to their designated classrooms, forging connections in this new chapter.

It is a long -standing practice of our college to organize orientation programme for the fresh batch of students to orient them to acclimatize with a new campus culture. In addition the programme helps the students to know about the new curriculum, examination system, co - curricular and extra -curricular activities etc. in detail. This year the orientation programme was organized for one week from 26th June 2023 to 5th July 2023.
