

FEEDBACK REPORT

2023-2024

The feedback form for institutional aspects for the academic year 2023-24 was circulated online among students. It was analyzed to identify the merits and drawbacks of institutional aspects from teachers', students', parents', and alumni's perspectives. The data received was analyzed by IQAC and the report was submitted to the Principal.

SUGGESTIONS

1. Courses to be updated in tune with the recent advancements in technology
2. More Placement Drives
3. Industrial training
4. Programmes to enhance students' employability and entrepreneurship abilities
5. Hands-on training in computer languages.
6. Wi-Fi signal to be enhanced
7. Field visits, workshops and add on courses
8. More interdisciplinary courses to broaden learning opportunities

The suggestions were recorded and it was decided to take appropriate action to improve the healthcare facilities, conducting placement drives, and provide industrial training and introduce courses in computer languages.
